

HIGH PREY DRIVE CLUB

JAN

FOCUS: Lead walking skills.

AIM: Reduce your risk of injury and help handle your high prey drive dog on the lead.

FEB

FOCUS: Honing your observation skills with a special focus on calming your dog.

AIM: Give you the skills you need to calm and settle your dog even if they have spotted prey.

MAR

FOCUS: Vital mindset work with a focus on reducing feelings of guilt or sadness.

AIM: Give you tools and support to help you truly see what a wonderful life you are giving your dog.

APRIL

FOCUS: Impulse control & supporting reliable eating when on walks.

AIM: Help your dog be calmer about wildlife.

MAY

FOCUS: Providing great prey drive outlets.

AIM: Give you confidence that your dog is living a great life.

JUNE

FOCUS: Teaching a reliable stop.

AIM: You'll learn how to teach and practice a key skill that enables working gundogs and herding dogs to be safe around wildlife and livestock.

HIGH PREY DRIVE CLUB

JULY

FOCUS: Lead walking skills.

AIM: Walks that are more comfortable and less frustrating for you and your dog.

AUG

FOCUS: Honing your observation skills with a special focus on arousal.

AIM: Reduce your feelings of hypervigilance and/or anxiety

SEPT

FOCUS: Vital mindset work with a focus on a happy life for you and your dog.

AIM: Give you tools and support to help you work toward that perfect life.

OCT

FOCUS: Stillness skills for your dog.

AIM: Being able to be still is a key building block for high prey drive dogs.

NOV

FOCUS: Outlets for the dogs who chase, bite, shred and/or kill prey.

AIM: Reduce frustration and give you tools to deal with those behaviours.

DEC

FOCUS: Teaching a reliable recall.

AIM: You'll learn how to tailor recall training especially for high prey drive dogs.
